Here are a few tips and basic guidelines to provide art for your custom embroidered logo:

- A \$95.00 setup fee will be charged to get your logo prepared and digitized.
- Max embroidery area is 4"x4". Text is at least 1/4" tall with letters close together. (3/8" tall for knit, sweatshirt or fleece material is recommended.)
- Standard pricing includes up to 6 colors, but we can do more. (Add \$1.00 for each additional color.)
- Vector art or simple line drawings create the best final embroidery. Photos or images with shading can be used, but may not reproduce as well.
- Please know that large filled areas can cause puckering when embroidered.
